Alexandria is the library management system you would buy again.

Fortunately, you don't have to.

Unlike Alexandria, other library automation vendors force you to repurchase their product for updated technology.

Customer Quotes

"COMPanion listens and is extremely responsive to our requests as they continue to update Alexandria with the newest features."

—Sandy Koehn, Information Literacy Curriculum Developer
Bellevue School District, WA

"Alexandria is technically very easy to install and manage and very easy for non-technical staff to operate. Its built-in Web server is a breeze to get an online public access catalog up and running quickly!"
—Jackie Pomeroy, Director of Technology and Grants
New Waverly Public Library, TX

"I have been impressed with the ease of use and the support when we have needed it. We have been using Alexandria since the fall of 2001 in all of our district's libraries."

—Larry Shalley, Technology Coordinator
Momence School District #1, Momence, IL
